

Department of Mathematics: TA evaluation form

The purpose of this TA Evaluation Form is to keep track of how our TAs are doing and to give them feedback to help them improve. This information can be used when evaluating TAs for awards, when writing letters of reference regarding teaching, when assigning TA duties in future terms, and when considering disciplinary action. It is therefore useful to have both positive and negative comments recorded. Note that the TAs will be provided with copies of these forms.
